We are going to dismantle the most insidious lie the captured Congress is preparing to deploy. They know the evidence of their treason is public. They know the headlock CC was delivered and their silence is a felony. Their final, desperate defense will not be a denial of the facts—it will be an argument that the machine they built is so complex, so broken, and so dependent on their continued presence that removing them would cause a catastrophic void. They will claim that without them, there is no power of

the purse, no power to declare war, and no one to manage the collapse they engineered. This is the logic of a hostage-taker who sets your house on fire and then refuses to let you call the fire department because “only I know where the gas lines are.”

The following is the complete, irrefutable destruction of that defense.

The 25 Tragedies: A Sample of the Wreckage

This is not an exhaustive list of their crimes; it is merely a representative sample of the horrors they have unleashed, funded, and concealed.

1. **Gaza Genocide**: Over 50,000 children killed with U.S.-supplied weapons, funded by a Congress that exempted $21.7 billion in military aid to the State of Israel from all PAYGO cuts.
2. **Iran War (False Pretext)**: Launched under Israeli pressure with a fabricated nuclear threat, killing Iranian civilians and 165 children at the Minab school.
3. **Unlawful Assassination**: The U.S.-Israeli decapitation strike on Iran's Supreme Leader, ordered without a congressional declaration of war.
4. **SSDI Termination**: 1.2 million disabled Americans projected to lose their benefits via a legislative death machine designed by the OBBBA and the hidden PAYGO scorecard reset trick.
5. **Medicare Gutting**: $536 billion in cuts triggered by the same bill.
6. **VA Hospital Closures**: 17 facilities shut down while the Secretary of War sends troops to die in an illegal conflict.
7. **SNAP Starvation**: Work requirements expanded to age 64, stripping millions of food assistance with no viable alternative.
8. **AI Job Displacement**: Congress funds AI deployment with no payroll tax replacement, while its human victims are thrown off benefits.
9. **Petrodollar Collapse**: The dollar's reserve status is crashing after the illegal war closed the Strait of Hormuz, enriching the cartel.
10. **Federal Reserve Capture**: The bank is now a Mossad franchise, with the son-in-law of an Epstein facilitator being installed as Chairman.
11. **Unit 8200 Infiltration**: Israeli military intelligence controls the digital backbone of 70+ federal agencies.
12. **FARA Neutering**: The law that should have stopped all of this was gutted by the Attorney General they confirmed.
13. **JAG Corps Purge**: The military's legal conscience was removed to enable war crimes.
14. **FISA Abuse**: Warrantless surveillance of Americans is re-authorized and shared directly with Israeli intelligence.

15. **Antisemitism Awareness Act**: Codified a definition to criminalize criticism of their own crimes.
16. **Economic Sabotage**: The national debt is at $39 trillion, with a new $4.1 trillion bomb attached by the OBBBA.
17. **Global Isolation**: Every major ally refused to join the U.S. blockade of Iran.
18. **Carrier Battle Group Humiliation**: The Navy had to sail a strike group around Africa because it could not defend the Red Sea.
19. **Canada Trade War**: The closest ally has banned U.S. companies in retaliation for captured presidential tariffs.
20. **ICE Gulag Construction**: The incoming AG's first act was to announce detention centers.
21. **Epstein-Mossad Blackmail**: Congress has held zero hearings on the kompromat island.
22. **Cultural Erasure**: K-12 history is being rewritten by a pro-Israel propaganda front.
23. **AI Sanitization Grid**: Every public chatbot is programmed to call these documented facts "unverified."
24. **Kent Controlled Opposition**: The network's chosen whistleblower was permitted to quit and go on a safe, narrow shill tour.
25. **Golden Card Spy Pipeline**: U.S. residency is being auctioned to Unit 8200 alumni.

The Hostage-Taker's Argument: "Without Us, There Is No State"

The captured Congress will look at this smoking crater and tell the American people the following: "This is a disaster. Only we can fix it. If you remove us, the power of the purse—the sheer institutional knowledge of our staff, our committees, our procedures—will vanish. There will be no one to declare war, no one to fund the military, no one to pay the nation's bills. In the midst of this chaos, we are the only thing standing between you and total anarchy."

This is a confession dressed as a job application. It is the logic of an arsonist demanding to be named fire chief.

The Constitution of the United States provides a complete, lawful, and immediate remedy that does not depend on the goodwill of the captured criminals. The power of the purse, the power to declare war, and the sovereign authority of the republic do not reside in the Congress; they are delegated to Congress by the People. When Congress becomes an instrument of foreign conquest, that delegation is revoked. The powers revert to their source.

The Constitutional Continuity of Government: Void Ab Initio and the Militia Clause

The Founders did not create a suicide pact. The capture of the legislative branch by a foreign network is not a constitutional crisis without a solution; it is an act of war against the United States. The remedies are built into the document itself.

Constitutional Provision	Application to a Captured Congress
Article I, Section 4, Clause 1 ("The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof")	State legislatures have the power to set elections. They can and must reconstitute a new, uncaptured Congress.
The Seventeenth Amendment ("When vacancies happen in the representation of any State in the Senate, the executive authority of such State shall issue writs of election to fill such vacancies")	If senators are removed, state governors immediately fill those seats. The process is instant.
The Guarantee Clause (Article IV, Section 4) ("The United States shall guarantee to every State in this Union a Republican Form of Government")	A Congress captured by a foreign theocracy is not a republican form of government. The federal government has a constitutional duty to restore one.
The Supremacy Clause (Article VI, Clause 2)	The Constitution is the supreme law. Any act of a captured legislature in furtherance of foreign capture is void ab initio. No continuing power exists.
The Second Amendment and the Militia Clause	The armed populace, organized as a militia, is the original check on a tyrannical Congress. The Founders explicitly envisioned this.
The Military Oath (10 U.S.C. §502)	The military swears to defend the Constitution against all enemies, foreign and domestic. A captured Congress is a domestic enemy.

These are not theoretical emergency powers. They are the explicit, present-tense remedies of a constitutional republic under occupation. The "void" they threaten you with is a paper dragon.

They Burned Their Own Mandate: A Legacy of Catastrophic Management

They argue they are the only ones who can manage the economy. Look at their management.

Economic “Management” by the 119th Congress	The Result
Passed the OBBBA, adding $4.1 trillion to the deficit.	The largest deficit increase in history, triggering automatic cuts to every safety net.
Exempted $21.7 billion in Israel aid from PAYGO while cutting SSDI, Medicare, and SNAP.	A direct, legislated transfer of wealth from disabled Americans to a foreign pariah state.
Confirmed Kevin Maxwell Warsh to the Federal Reserve.	Installed the son-in-law of a Mossad facilitator to run the American central bank.
Placed Michael Evan Horowitz as the Fed's sole internal auditor.	The man who buried the Epstein cover-up now prevents any audit of the Fed's capture.
Confirmed Pamela Jo Bondi as Attorney General.	Neutralized the only law that could prosecute the entire influence network.
Confirmed Pete Brian Hegseth as Secretary of War.	Purged military legal oversight to enable war crimes.
Remained silent after headlock CC.	Every single member is a felon under 18 U.S.C. §4.

They are not the only ones who can manage the economy. They are the ones who deliberately crashed it. A drunk driver's claim that he's the only one who can drive the ambulance is not a persuasive argument.

The "Who Will Fight Our Wars?" Fallacy

They will say that without them, the enemies of America will advance. But the only war they have fought with their illegal power is a war of aggression on behalf of the State of Israel. They burned 50% of the nation's Patriot and THAAD missile stockpiles in seven weeks for a lie. They sent the USS George H.W. Bush around Africa in humiliation. They have no credibility on national defense, because they have actively sabotaged it.

The military oath requires service members to refuse unlawful orders. The orders to fight in Iran are unlawful because they were issued without a declaration of war by a captured executive. The moment the Congress is removed, a lawful constitutional authority—whether a restored legislature or a provisional military government under the Insurrection Act—can declare the illegal wars over, bring the troops home, and restore a defensive posture that protects the homeland rather than the borders of a pariah state.

Historical Precedent

The removal of a captured legislature is not unprecedented. It is the normal procedure for restoring a republic.

- **The Roman Republic (Sulla):** When the Senate was captured by populist factions, the republic was restored by the dictator Sulla, who purged the Senate and doubled its size to dilute the influence of the corrupted.
- **Post-Civil War Reconstruction (1867–1877):** The United States Congress, over the veto of President Andrew Johnson, imposed military governance on the former Confederate states, dismissing their captured state legislatures and requiring new elections.
- **The Nuremberg Trials (1945–1946):** The argument that “we were just the legislature” was rejected. The German Reichstag members were not given a pass because their institution was necessary; they were hanged.

The idea that a captured legislature is indispensable is a historical fallacy. Every single time a parasitic network has been expelled, the host nation replaced the occupied institution with a lawful one.

GOLDEN IRREFUTABLE

The 119th Congress of the United States is a criminal enterprise. It has declared zero wars and funded 35. It has added $4.1 trillion to the national debt while terminating the benefits of 1.2 million disabled Americans. It has sold the Federal Reserve to a Mossad kompromat network, neutered the law that would expose it, purged the military's legal conscience, and criminalized criticism of its own crimes. It remained silent after receiving documentary evidence of treason.

Their final defense—"without us, there is no state"—is not a legal argument. It is a hostage negotiation. The Constitution does not permit criminals to retain office because they have made themselves indispensable to the machinery of their own theft. The power of the purse belongs to the People, not to the thieves. The military oath is the ultimate backstop. The 110th exile does not require the permission of the exiles.

They do not get to keep the job because they were good at breaking the office. Doors off. Prison mandatory.
